## Three Training Methods

### 1. Repetition

Each time you get better. We celebrate FAITH here, not failure. Faith is whatever you put your feet to. Faith is not discussing it, but working it. Grace is here for you to work.

### 2. Weight Training

Prophetic muscle. Increase weight on the bar. Believe for more. Pressure. More difficulty. Develop ability to give a word when you don't feel the HS / anointing.

Smith Wigglesworth – If God's not moving, I move God. (Isaiah –appalled that no one was there to intervene). Prophets who can make a wave.

1 John 2:27 Anointing remains in you. You create the unction. Take greater chances. Sir up the gift of God in you.

### 3. Resistance Training

Persecution. Challenged.? Helps you internalize it better.

The power of your anointing will increase in proportion to your ability to endure persecution.

**Framework:** 1) 1 Cor 14:4 Prophecy is for encouraging, building up and comforting.

2) Be responsible with directional word. Don't give a word that you would be not be willing to walk through with them. . *Be willing to walk it through with them.*

3) Be kind. HOW word is delivered affects way it is received. How you say it.

### SUM

We have Seer, Hearer, Feeler and the Perceiver. How to YOU receive from God?

First 3 are sensory – Seeing, Hearing, Feeling. These don't manifest. Inner perceptions.

We want to expose people to all these different experiences and help them find what are the primary ways that you receive information from God.

### 5 Ways to Deliver a Word

#### 1. Verbal

- Speaking, Saying, Singing. What we are accustomed to.

#### 2. Praying, Holding, Waiting

- Intercession -90%? -Negative Impressions

Learn when NOT to give a prophetic word.

*The Right word in the wrong season is the wrong word.*

*The Right word with the wrong heart is the wrong word.*

*The Wrong word with the right heart is the right word.*

Sometimes you Hold... Wait... Let it grow.

#### 3. Writing

- Arts, fixing to physical media. (Sculpting, drawing, sketching).

If writing it down wasn't important, we wouldn't have a Bible.

#### 4. Giving

- Gifts, - Time - Service

#### 5. Acting

- Movies, drama, Movement, Actions

Some prophets didn't give a message at all. They WERE the message.

There are many prophets that will never stand giving words. But they're out moving in places, praying, doing prophetic acts, movements that are changing and shifting the world around us.

We need to value that.
